Sistema scorrevole telescopico studiato per balconi, logge e verande
Telescopic sliding system for balconies, loggias and terraces / Teleskop Schiebetürsystem für Balkon und Loggiaverglasungen

- Sistema scorrevole telescopico studiato per balconi, logge e verande, ideale per proteggersi da vento e intemperie. Sistema con guida a terra.
- Telescopic sliding system for balcony, Loggia and terrace, ideal for wind and weather protection. System with bottom guide.
- Teleskop Schiebetürsystem für Balkon und Loggiaverglasungen, ideal für Wind-und Wetterschutz. System mit Bodenführung.

LG-500-N-SET 2 ▶ 152

- Sistema 2 ante telescopiche
- System for 2 telescopic doors
- System mit 2 Teleskoptüren

LG-500-N-SET 3 ▶ 154

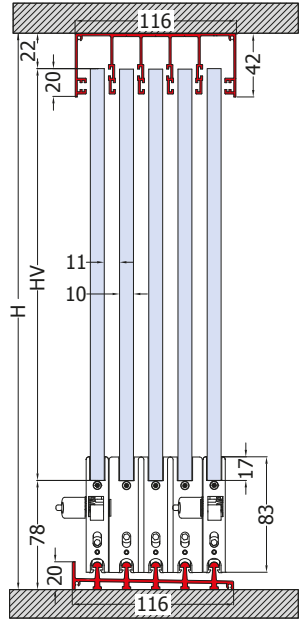

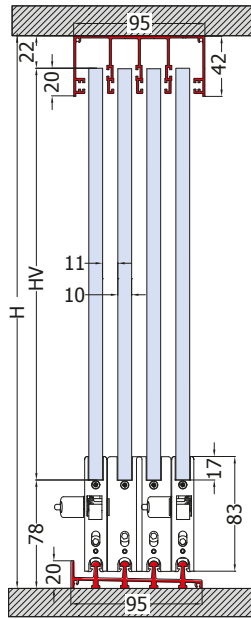

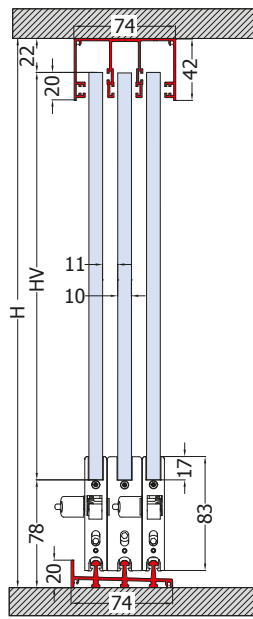

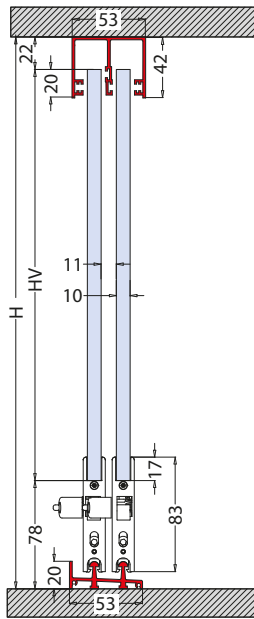

- Sistema 3 ante telescopiche
- System for 3 telescopic doors
- System mit 3 Teleskoptüren

LG-500-N-SET 4 ▶ 156

- Sistema 4 ante telescopiche

INNOVAZIONE AL QUADRATO

Il nuovo carrello è un'insieme di innovazione e tecnologia.

Doppia ruota, con cuscinetto a sfera, montata su bilanciere che ne consente l'aderenza contemporanea al binario, rendendo lo scorrimento estremamente fluido.

INNOVATION²

The new trolley is a blend of innovation and technology. Double wheel, with ball bearing, mounted on a rocker arm that allows its simultaneous adherence to the track, making sliding extremely fluid.

INNOVATION²

Der neue Wagen ist eine Kombination aus Innovation und Technologie. Zwei Räder mit Kugellager, montiert auf einer Wippe, die das gleichzeitige Aufliegen auf der Schiene garantiert. Dadurch wird die Schiebewegung besonders fließend.

PLUS

PATENT
PENDING

6 Antisollevamento delle ante integrato nel carrello per una sicurezza assoluta ed una semplicità di rimozione, nel caso di manutenzione, grazie al nuovo brevetto Metalglas.

Anti-lifting doors integrated into the trolley for absolute safety and easy removal, in the event of maintenance, thanks to the new Metalglas patent.

Im Wagen ist ein System integriert, das ein Anheben der Türen verhindert. Es sorgt für absolute Sicherheit und garantiert ein einfaches Entfernen für die Wartung.

Dies ist dem neuen Patent von Metalglas zu verdanken.

1 Due ruote per carrello vuol dire quattro ruote per ante e quindi spazio alle dimensioni. Libertà di applicazione per poter arrivare fino a 100 Kg di vetro.

Two wheels per trolley means four wheels per door and therefore, it is appropriate for larger sizes. Freedom of application, making it possible to handle up to 100 kg of glass.

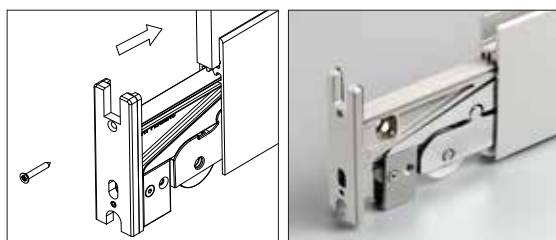

Zwei Räder pro Wagen bedeutet vier Räder pro Tür und damit besonders viel Platz. Frei anwendbar für Glas mit einem Gewicht von bis zu 100 kg.

2 Il nuovo carrello favorisce inoltre una facile regolazione in altezza delle ante.

The new trolley also facilitates height adjustment of the doors.

Der neue Wagen ermöglicht außerdem das leichte Einstellen der Höhe der Türen.

3 Basta tagliare il profilo a misura ed infilare i due carrelli ed il gioco è fatto. Nessuna lavorazione sui profili per questo sistema fantastico ed innovativo.

Just cut the profile to size and slide in the two carts, that's it! No further processing is required on the profiles for this fantastic and innovative system.

Dazu reicht es aus, das Profil nach Maß zuzuschneiden und die zwei Wagen einzufügen. Schon ist die Arbeit erledigt. Keine Arbeit an den Profilen dank dieses fantastischen und innovativen Systems.

4 Mai più destro o sinistro. Un unico accessorio per tutte le tipologie di apertura.

No longer left or right, a single accessory for all types of openings.

Nie mehr rechts oder links - ein einziges Werkzeug für alle Öffnungsrichtungen.

5 Un altro vantaggio estetico e tecnico è il catenacciolo integrato nel carrello. Semplicità e velocità di applicazione.

Another aesthetic and technical advantage is the locking latch integrated into the trolley. Simplicity and speed of application.

Ein weiterer ästhetischer und technischer Vorteil besteht im Schließbolzen, der in den Wagen integriert ist. Einfache und schnelle Anwendung.
